

## Highway Adds a Boom Truck to its Fleet

**Shown above is the newest piece of highway equipment, a Boom Truck for the Highway Department. Pictured in the photo from left to right are Deputy Supervisor James Presutti, Town Supervisor Gil Piaquadio, and Highway Superintendent Todd DePew.**

Superintendent DePew stated that “this Freightliner has a 75-foot working height and will greatly aid in tree work”.

Deputy Supervisor James Presutti mentioned that “several Highway Workers have been trained to operate this new equipment” and offered his services as an Arborist.

Supervisor Piaquadio indicated that “this is a great piece of equipment for an outstanding work force at our Highway Department.”
