RE: Houses of Labors Subdivision – Dewy Drive Drainage District  
Stormwater Management Facilities Maintenance/Mowing

---

During a recent review of the subject drainage district, it is noted that the stormwater management facilities located on the subdivision are in need of maintenance once again. The subdivision has a drainage district to provide for long term operation and maintenance of the stormwater management facilities. We have contacted MTTJ Property Maintenance for a quote to “brush hog” the vegetation within the stormwater management facility. MTTJ Property Maintenance currently provides the annual contract maintenance for the other drainage districts within the Town of Newburgh. In late 2021, MTTJ Property Maintenance performed the mowing/cutting of the detention pond facility. They have provided a cost of \$1,525.00 for this service. This is the same cost as it was identified in the fall of 2021 for work performed at that time.

Town Board action to authorize the Town’s stormwater maintenance contractor to provide the “brush hog” service in the amount of \$1,525.00 is required. I have attached a copy of the cost estimate for your use.

If you have any questions or comments I am available to discuss this with you further.

RE: Colden Park Phase III Watermain Replacement Project

---

The Colden Park Phase III Watermain Project received Orange County Health Department approval on 18 April 2023. The final plans and specifications have been prepared for public bid. The plans and specifications have been submitted to the Environmental Protection Agency who are administrating the grant from Senator Maloney, now Senator Ryans office. The EPA is also reviewing documents that have been submitted for a categorical exclusion for the environmental review of the project. Contract documents have been submitted to Mark Taylor's review. MHE Engineering, DPC is requesting that the Town Board authorize public bidding of the project commencing on 25 August 2023 with bids to be received 29 September 2023 at 1:00 PM.

The majority of the work is within the existing paved roadway surface. All work is within the existing Town right-of-ways. The advertisement of bid requires Town Board action. I am available to discuss any comments or issues regarding the public advertisement of the project. A copy of the Advertisement for Bid is attached.
