ACCESSORY STORAGE

The Town of Newburgh's ("Owner's") acceptance of the proposal submitted by Orange Lake Construction Corp. ("Contractor") is subject to the following requirements and conditions:

1. The Contractor shall assert no claim against the Owner on account of any variation between the estimated quantities and the actual quantities as measured when the work is complete, or on account of any mistake, misunderstanding or misconception as to the nature, location or amount of work to be performed by the Contractor under its accepted proposal.
2. The lump sum price or, as the case may be, the gross sum price on a unit price contract, shall include all the labor and materials required for the entire completion of the contract work by the Contractor. The Contractor acknowledges that the price as bid includes without limitation the restoration, to no less than their original condition existing streets, sidewalks, lawns, driveways, terraces, and all other areas disturbed or damaged by the Contractor during the performance of the contract work.
3. The Contractor shall employ local labor, insofar as the same may be reasonably available. Attention of the Contractor is called to the requirements and obligations relating to labor law requirements and prevailing wage rates.
4. The Contractor shall procure and deliver to the Town of Newburgh evidence of insurance in amounts not less than \$1,000,000 for each person and \$3,000,000 for each occurrence with coverage of all automotive equipment, endorsed to the Town of Newburgh as an additional named insured. The Contractor shall take out and maintain during the life of the Contract Workers' Compensation Insurance in conformity with the provisions of the Workers' Compensation Law of the State of New York, for all Contractor's employees engaged in work under this Contract required to be covered by law, and in case any such work is sublet, the Contractor shall require all subcontractors engaged in work under this Contract to provide similar statutory Workers' Compensation and Employer's Liability Insurance

5. The Contractor agrees that, in the event that persons or property of the Owner or of others sustain loss, damage or injury, including death, resulting from the intentional, reckless or negligent acts of the Contractor, or its Subcontractors, in their performance of this Contract, or from its or their failure to comply with any of the provisions of law, the Contractor shall indemnify and hold the Owner and its representatives harmless from all legal expenses and attorneys' fees incurred, all claims and judgment for damages, and all other costs by reason thereof.
6. The Contractor shall, at its own expense, provide all labor, materials, apparatus, scaffolding, appliances, utensils, tools, machinery, transportation and cartage and whatever else may be required of every description necessary to perform and complete the work, and shall be solely responsible for the same and for the safe, proper and lawful construction, maintenance and use thereof.
7. During performance and up to the date of acceptance by the Owner, the Contractor shall be under an absolute obligation to protect the unfinished work as well as materials and equipment against any damage, loss or injury; and, in the event of such damage, loss or injury, he shall promptly replace or repair such work
8. The rate of progress of the work shall be such that the entire work covered under NOTICE TO PROCEED shall be fully completed within 120 consecutive calendar days after issuance of the NOTICE TO PROCEED.
9. The Contractor warrants and represents that the work shall satisfy all the requirements of the bid solicitation; be completed free from fault and defects; be of the highest quality and incorporate only new materials and equipment unless the bid solicitation otherwise provided; be free of liens and encumbrances; be constructed in compliance with all applicable laws and insurance requirements; and be fit for the intended use and purpose.
10. The Owner may terminate the Contractor's right and obligation to perform all or any portion of the work, at any time and for any

reason whatsoever, with or without cause, upon written Notice of Termination to the Contractor. Such Notice of Termination shall specify the effective date of such termination and the extent to which performance of the work is terminated.

Following termination, the Owner shall pay the Contractor all unpaid balance due for work performed, less amounts retained and withheld. The Contractor waives any and all claims for damages relating to or arising out of such termination.

After the effective date of termination, the Owner may take all action necessary or desirable to complete the work, including entering into contracts with other contractors, with or without public bidding to the extent allowed by law.

11. The Contractor shall not assign, transfer or convey the agreement or any of its right, title or interest herein without the express prior consent in writing of the Owner.
12. The Contractor's acceptance of final payment shall be construed as the Contractor's complete, unconditional and general release of the Owner by the Contractor (and all persons claiming by, through and/or under the Contractor) relating to all claims for loss and damage relating to, or arising out of the bid acceptance or the work, except for the Contractor's claim for amounts still withheld.
