**TOWN OF NEWBURGH
TOWN ENGINEER**

MEMORANDUM

TO: Gil Piaquadio, Town Supervisor and Town Board

FROM: Patrick J. Hines, Representative, Engineers for the Town

DATE: 17 November 2023

RE: Unity Place Warehouse
Town of Newburgh Planning Board PB# 2021-29
Unity Place and Old Little Britain Road
SBL: 95-2-14.1 & 19.12

The subject project has Conditional Final Approval for the construction of a 154,000 square foot warehouse on a 12.5+/- acre combined parcel on the northwest corner of the intersection of Unity Place and Old Little Britain Road. The applicant's representative, Brooker Engineering have provided a cost estimate for the Stormwater Management Facilities proposed to serve the project. The cost estimate was based on a template provided by MHE Engineering for standard unit costs in the Town of Newburgh. A cost estimate of \$1,314,130.60 has been provided. Security in that amount must be established prior to the project being stamped final by the Planning Board.

Inspection Fee in accordance with the Town of Newburgh's Prevailing Fee Schedule is required. A 4% Inspection Fee is required based on the Town Code. This equates to an inspection escrow deposit required in the amount of \$52,565.00. We request the Town Board establish the Stormwater Security and Inspection Escrow based on the above referenced amounts. Establishment of the Stormwater Security amount requires Town Board action.

Memorandum

To: Supervisor Gil Piaquadio and the Town of Newburgh Board

From: Karen Arent, Landscape Architect

Date: October 9, 2023

Subject: Unity Place Warehouse Landscape and Performance Bonds

Town Project Number: 2021-29

Consultant: Brooker Engineering

Cc: Pat Hines, Dominick Cordisco, Gerald Canfield, Jim Campbell, Dennis Rocks, Matthew Trainor, Chairman John Ewasutyn and the Town of Newburgh Planning Board

COMMENTS:

The landscape cost estimate and performance bond estimates for Unity Place Warehouse were reviewed. Unit costs are reasonable and the landscape bond is recommended for approval. We recommend that the board approve landscape security in the amount of \$199,234. The landscape inspection escrow amount for this project is \$4,000.

We recommend approval of Performance Bond for monitoring trees to remain and be protected that are located within 15 feet of the limit of disturbance. The bond would be \$4,500. A landscape monitoring escrow should be considered as the code requires at least five visits to the site to inspect the trees to be protected, and the inspections would be completed at a different time than the landscape planting inspection.

**TOWN OF NEWBURGH
TOWN ENGINEER**

MEMORANDUM

TO: G. Piaquadio, Supervisor & Town Board
FROM: P. Hines, Rep Town Engineer
DATE: 31 Oct 2023
RE: **South Plank Holdings, LLC**
285 North Plank Rd
Stormwater Security – SBL: 60-3-2

The Town has received a request for the release of stormwater security for the subject property. The bond was posted 16 December 2010 for the stormwater improvements on the site plan for the redevelopment of the site. The site contains a Valero gas station/convenience store.

The site has been in existence for more than a decade. A review of the site does not identify any issues regarding stormwater.

We take no exception to the Town Board releasing the security in the amount of \$15,000. The Bond bears the ID #B1093341.

As the above requires Town Board action, I request it be placed on the next available agenda. If you have any questions, I am available to discuss them with you.
