TECHNICAL REVIEW COMMENTS**

PROJECT: A PLUS AUTO
PROJECT NO.: 18-17
PROJECT LOCATION: SECTION 53, BLOCK 4, LOT 4.21
REVIEW DATE: 27 SEPTEMBER 2018
MEETING DATE: 4 OCTOBER 2018
PROJECT REPRESENTATIVE: ENGINEERING AND SURVEYING PROPERTIES

1. The existing commercial structure on the site crosses the rear property line and encroaches on adjoining parcel Lot 4.22. Referral to the Zoning Board of Appeals is required. Existing two story Building in the front of the parcel also encroaches into the front yard setback requiring an additional variance. If the project has frontage on NYS Route 52 the front yard setback would be 60 ft. in accordance with Section 185-18(4)(b).
2. Tax records indicate the site is serviced by private water and sewer. Connection to the Town's sewer should be documented.
3. A fence appears along the westerly property line on the map which does not show up on recent aerial photos.
4. Parking spaces 9 & 10 depicted on the plan appear to be off any paved surfaces.
5. Plans identify that gravel driveways will be utilized. Town of Newburgh requires commercial site plan to have asphalt pavement with required parking delineated in accordance with Town Code. . In accordance with Section 185-13(7).
6. Plans should address location of any dumpster and proposed dumpster enclosures.
7. Tax records also identify the site as a three family residence. While existing single family residences are permitted to remain in the B Zone the multi-family designation would limit further use of the site based on zoning.
8. Plans must be revised and appropriate notes added for motor vehicle services station in accordance with Section 185-28.

9. A landscaping plan acceptable to the Town of Newburgh Planning Board should be submitted.
10. Size of all existing structures should be identified on the plans. Compliance with Town of Newburgh sprinkler regulations may be required.
11. Details for existing signs should be provided to document compliance with Town of Newburgh sign ordinance.
12. Parking spaces must be painted in accordance with Town of Newburgh standards with double striping. Detail of this should be added to the plans.
13. Details of site lighting should be added to the plan sheets.

Respectfully submitted,

**RE: APPLICATION #2018-17
A PLUS AUTO
12 LITTLE LANE ROAD
TAX LOT # 53-4-4.21**

Dear Mr. Ewasutyn:

Please find attached 14 copies of the application for, SEAF and Amended Site Plan for the proposed application of A Plus Auto. The project is located at 12 Little Lane Road. The applicant is currently under lease from the Owner of the property (Mozo Properties, LLC) for the commercial structure at the rear of the property. The applicant's intended use for the rear commercial structure is an auto repair facility. The Owner will maintain the existing residential dwelling located on the front portion of the property. The proposed uses are permitted in the "B" Business zoning district in accordance with the following.

Zoning District B Use C.1.c. "Existing single family dwellings: With either public sewer and public water systems" – for the existing dwelling located on-site.

Zoning District B Use D.5. "Motor Vehicle Service Stations" - for the business conducted by the applicant to service motor vehicles

The existing facilities are connected to a single well located on site and connected to municipal sewer located within Little Lane Road. Access to the site is from Little Lane Road and a gravel parking area provides for the required parking areas. The parking areas are designated for compliance only on the plans as the gravel surface prohibits actual striping of the parking stalls. The applicant proposes improvements that include a paver surface for compliance with ADA parking and access requirements, upgrades to the existing wall mounted flood light and replacing the existing face of the existing business sign.

If you have any additional questions and/or comments, please don't hesitate to contact this office.

Sincerely,
Engineering & Surveying Properties, PC

JULY 2013

TO WHOM IT MAY CONCERN:

This package of information and forms is provided to assist the applicant in the preparation of a submission of a site plan, subdivision, lot line change or special exception use permit to the Town of Newburgh Planning Board. In most cases the application will be prepared initially by a licensed professional engineer, architect, surveyor or land planner. Since in almost every case such professional will be required for the process, they should be retained as early as possible.

Procedurally, the applicant should contact the Planning Board to discuss the potential project and obtain the necessary forms and regulations.

The Zoning and Subdivision Regulations of the Town of Newburgh require that the applicant must present plans to the Secretary of the Planning Board. When your application is complete, it will be placed on the next **AVAILABLE** agenda. Submittals must be handed in to the Planning Board Secretary at least 10 days prior to the next meeting, but the date of the appearance at a meeting will be determined by the next available time slot, not necessarily the next meeting. You will be notified of the date, time and place of your meeting.

A minimum of **FOURTEEN (14)** sets of **FOLDED PLANS** for a major or minor subdivision or a site plan must be submitted with a **COMPLETED** application, and **FIFTEEN (15)** sets of plans must be submitted if plans need to be submitted to the Town of Newburgh Traffic Consultant. This completed application must include a **LONG FORM OR FULL EAF** for every project except lot line changes, 2 lot subdivisions under 3 acres or site plans impacting less than one acre, along with a **NARRATIVE** of the proposed project. The narrative should include the action being taken, the size of the parcel, what zone the parcel is in, the water and sewer information, any Zoning Board of Appeals relief needed, and whether the parcel is on a private or town road. Complex or unusual projects should be discussed in greater detail.

Following the first meeting before the Planning Board the applicant is required to send an Adjoiner Notice to property owners within 500 feet of the parcels in question (please see final page of the package for full instructions).

Upon initial review of a Short Form, the Planning Board may require specific additional environmental information or the preparation of a Long Form. Long Form part 1 should be completed by the applicant. The Board will review and may modify Part 2 prior to making a decision on the SEQRA aspect of the project.

All fees for consulting and professional services that the Planning Board incurs during the review of the applications will be the responsibility of the applicant. An advance deposit for these fees will be required and will be placed in an escrow account with the Town. If the escrow account falls below the 40% of the initial deposit, the applicant will be required to immediately make an additional deposit to the escrow account prior to any further review of the project application by the Planning Board.

Very truly yours,

JOHN P. EWASUTYN, Chairman

STATEMENT TO APPLICANTS

RE: TOWN OF NEWBURGH CLEARING AND GRADING LAW

The Town of Newburgh Clearing and Grading Control Law requires a separate permit for most site preparation activities, including clearing, grading, tree cutting, excavating and filling. Site preparation activities performed following site plan or subdivision approval by the Planning Board may be exempt from the permit application, public hearing, fee and bonding requirements of the law provided the subdivision or site plan application has been reviewed for conformance with the clearing and grading law and the approval conditioned on compliance with the standards set forth in the law. Completion of the attached form will enable the Planning Board to review your application for conformance with the law's requirements. In the event it is not completed you may be required to apply for a separated permit for your site preparation activities. A sediment and erosion control plan and a plan showing the areas to be cleared, filled, graded or subjected to tree cutting, the types of vegetation affected and the proposed disposition of the destroyed vegetation must accompany the form. A SEQRA long form or full EAF should be utilized to discuss any environmental impacts and must accompany the application.

FEE LAW SUMMARY

PENDING APPLICATIONS

All applicants with matters pending before the Planning Board as of the effective date of this local law shall be required to post as escrow in the manner and upon the terms and conditions set forth below:

- (a) The Planning Board, in consultation with the applicant, shall compute the amount of the escrow to be posted with the Town. Such amount shall be reasonably related to the costs attendant to the Town's review of the application as of the effective date of this local law. Under no circumstances shall the escrow include amounts attributable to any costs incurred by the Town prior to the effective date of this local law.
- (b) Once computed and established by Resolution of the Planning Board, the applicant shall, within fifteen (15) days of said resolution, post escrow fees with the Secretary of the Planning Board. Failure to deliver the said escrow fees may result in delay of the further processing of the application.

SEVERABILITY

In the event a court of law determined that any provision of this chapter is unenforceable, then only that provision shall be affected and all other provisions shall be fully enforceable.

EFFECTIVE DATE:

This local law shall take effect immediately upon filing in the Office of the Secretary of State.

FEE ACKNOWLEDGEMENT

The town of Newburgh Municipal Code sets forth the schedule of fees for applications to the Planning Board. The signing of this application indicates your acknowledgement of responsibility for payment of these fees to the Planning Board for review of this application, including, but not limited to escrow fees for professional services (planner/consultant, engineering, legal), public hearing and site inspection. Applicant's submissions and resubmissions are not complete and will not be considered by the planning board or placed upon its agenda unless all outstanding fees have been paid. Fees incurred after the stamping of plans will remain the responsibility of the applicant prior to approval of a building permit or certificate of occupancy. Fee schedules are available from the Planning Board Secretary and are on the Town's website.

PLANNING BOARD DISCLAIMER STATEMENT
TO APPLICANTS

The applicant is advised that the Town of Newburgh Municipal Code, which contains the Town's Zoning Law, is subject to amendment. Submission of an application to this Board does not grant the applicant any right to continued review under the Code's current standards and requirements. It is possible that the applicant will be required to meet changed standards or new Code requirements made while the application is pending.

An approval by this Board does not constitute permission, nor grant any right to connect to or use municipal services such as sewer, water or roads. It is the applicant's responsibility to apply for and obtain the Town of Newburgh and other agency approvals not within this Board's authority to grant.

The applicant hereby acknowledges, consents, and agrees to the above.

ARCHITECTURAL REVIEW

The Town of Newburgh Planning Board had been authorized to act as the Architectural Review Board for all: site plans, projects involving ten or more dwelling units, and any construction that would affect the character of a neighborhood under Section §185-59 of the Town Code (Zoning Law).

In order to perform this task, at some point prior to final approval, the applicant shall provide the Planning Board with elevations of buildings for all sides and a written (separately or on drawings) description of the materials, colors and textures to be used in construction. Plans shall also include topographical information and any screening of portions of the buildings, either existing or proposed.

Samples of the material and colors to be used shall either be submitted to the Planning Board or brought to the meeting at which architectural review will be discussed.
