RE: Request for Continuance of variance/appeal for proposed security system for New Pen Motor Express, 1000 Corporate Blvd., Newburgh, NY 12550 (Tax Map ID #: 95-1-69.1)

Ms. Gennarelli and Board of Zoning Appeals Members:

This is my formal petition to request a continuance of the scheduled variance/appeal hearing on May 26 for the proposed security system for 1000 Corporate Blvd., Newburgh, NY 12550 (Tax Map ID #: 95-1-69.1). I request it be moved to the next available BZA agenda (post May 26).

There are 2 valid reasons for this request:

1. New Penn Motor Express has been concerned about the approval process and early indication of a likely denial, even before the case has been presented and heard before the BZA. I am attempting to get a customer representative to attend the meeting but cannot confirm as of today.
2. My attendance is required at a conflicting critical meeting in South Carolina that cannot be rescheduled. Unlike the Board of Zoning Appeals which meets monthly, the conflicting meeting is a one-time only meeting and thus my attendance cannot be rescheduled for a subsequent meeting.

I understand ads have been placed and notifications have been sent. I am happy to reimburse the Town of Newburgh for these expenses and pay for additional similar ads and notifications. Also if you would like and upon your advice and instruction, I will send notifications out early next week informing recipients of the continuance.

I find continuances from both the applicant and/or the Board are common occurrences in the hundreds of jurisdiction across the county that I have attended during the past 8 years. I respectfully await your confirmation that my case will be continued to the June (or future) BZA meeting as neither customer nor applicant representation will be able to attend next week.

May 19, 201
Town of Newburgh

Continued: RE: Request for Continuance of variance

If the continuance is not granted, please consider this a request to withdraw the application and we will immediately reapply for a future BZA agenda.

Kindly,

Cindy Williams
