Newburgh N.Y. 12550
SBL: 91-2-13

August 7, 2013

Mr. Campora:

Your application for the kitchen addition was been referred to the zoning board of appeals for a variance request.

There are still two outstanding issues that have not been addressed or resolved as of this letter.

1. An application (12-589) was submitted 8-20-2012 for a front porch. This required a variance. As of this letter there has been no action taken for this application. Are you still planning on doing this porch?
2. The survey submitted show a roof over a concrete slab located in the rear of the dwelling. This would require a building permit. Our records do not indicate any such permit. If this is incorrect please submit a copy of the permit and co for our files. If there are no permits please submit an application for review so this matter can be corrected.

If you have any questions please call this office for assistance
