To Whom it may concern:

I Danielle DeBella, residing at 55 Winkgreen Avenue in Newburgh request an extension to the Variance received on September 27, 2012. The reason for my request began with the birth of my daughter in October - such slowed down our progress with the plans. Then, due to circumstances out of my control we had to find a new engineer + builder to complete our project. We are now ready to begin proceeding, but need the six month extension.

Sincerely,
Danielle F. DeBella
