Dear Chairman Scalzo & Board Members:

In reference to the subject application, the Orange Lake Homeowners' Association was provided by the Applicant a package of information concerning the proposed new residence on February 15th. Unfortunately the site plan, floor plans and elevations were not on the Town's website. It has complicated the process of polling the neighbors during this time of Covid limitations. We have a Board of Directors meeting scheduled for March 8. We would like to request more time to discuss this application among the Board and the neighbors and provide input at your next meeting on March 25th.

We understand that it is an inconvenience to delay this application but feel based on the scope of the application the process would be better served by a one month delay. Thank You for your consideration in this matter.

Sincerely,

Gregory R. Langer  
Orange Lake Homeowners' Association Inc.  
Member of the Board of Directors
