Subject: Authorization for Purchase of Ammunition

I am requesting your authorization to purchase a supply of firearms ammunition for the Police Department, for training purposes as well as for department issue purposes. Each of the above items is priced per the New York State Contract (PC6634). The total cost for the ammunition is \$9,594.10. (Please see attached NYS Bid Price List).

I am requesting that the amount be disbursed from the account # 3030.499, which has a sufficient amount to cover the cost of this ammunition.

Respectfully Submitted,

Chief Donald B. Campbell

Dear Sir or Madame:

If you buy ammunition for your Department, whether you are the Chief or the Sheriff or the Prosecutor or District Attorney, or the Warden, or the Firearms Instructor, or any other billet, and are looking for a reliable source and excellent prices, you need to read this. My name is Thomas J. Morris III and I own Eagle Point Gun and that is my original signature at the bottom of this letter. Once again, we have been awarded the New York State Contract for Federal Cartridge ammunition effective 01NOV19 (and have had it since around 1991). We have also been awarded the new NYS Contract for Remington ammunition and firearms, Walther firearms, Heckler & Koch firearms, and other items.

We have been in business at the same location since 1930 (approximately 90 years) and are located approximately three miles from downtown Philadelphia as the crow flies on the New Jersey side of the Delaware River. In addition to the New York State Contract for Federal Cartridge ammunition, Remington ammunition, and Remington/Bushmaster/DPMS, Walther, and Heckler & Koch firearms, we have the current New Jersey State Contract for Federal Cartridge, Remington, PolyFrang, and PMC ammunition, Speedwell paper and cardboard targets, Remington, Bushmaster, Benelli, Walther, and Heckler & Koch firearms, MACE, EOTech, and other items. We have the Connecticut State Contract for Federal/CCI/Speer/Remington/PMC ammunition, the New Hampshire State Contract for Federal and CCI/Speer ammunition, the Maine State Agreement (Contract) for Federal and CCI/Speer ammunition, the NYPD Contract for Federal rifle ammunition, and a lot of other Contracts. We sell Speedwell paper and cardboard targets, Federal Cartridge ammunition, CCI/Speer ammunition, PMC ammunition, Wolf ammunition (762X39 and 762X54R only), PolyFrang ammunition, Hornady ammunition, Remington ammunition and firearms and firearms accessories, Benelli firearms, Springfield Armory firearms and accessories, Walther firearms, Heckler & Koch firearms and accessories, DPMS firearms, Bushmaster firearms, Gransfors Bruks axes, Eagle Industries nylon gun cases, MACE, EOTech gun sights, Aimpoint gun sights, Surefire lights, Peerless cuffs and irons, Hoppes, Break Free, Ventco Industries/Shooters Choice, Seal One, Pro-Shot, Birchwood Casey, Outers, Southern Bloomer gun cleaning supplies, ALS/PACEM less lethal munitions, solid brass and brass/plastic dummy training rds., 38 spl./ .223/.308/12ga./ .22 blanks for canine/equestrian/shoot house training and burial details, and other items. We also take weapons (new or used, pristine or beat up, civilian or military, rifles, shotguns, pistols, revolvers, gas guns, flare guns. BATF Form 5 unrestricted automatic weapons, swords, bayonets, etc.) in trade for credit against everything that we sell. I collect and am always looking for Thompson sub-machine guns and BAR machine guns.

All our Federal/CCI/Speer/Remington ammunition prices include the freight, tailgate delivery, for a drop ship from the respective Manufacturer to your Department location in New York. Drop ship times are currently running 30-180 days ARC for most items and vary per item.

Enclosed with this letter is a partial New York State Contract price list for Federal Cartridge and Remington ammunition and Remington/Walther/Heckler & Koch firearms and my quote price list for CCI/Speer ammunition (I do not have the New York State Contract for CCI/Speer) which we are offering to all Federal Excise Tax exempt agencies in the State of New York. Federal agencies, private security agencies, and private college security/police who are not exempt from the Federal Excise Tax would have to add the FET back in to the prices (FET-OUT price X 1.11). Again, the prices include the freight, tailgate delivery, for a factory drop ship, from the Manufacturer to your New York

Department location. Also enclosed are some representative prices for Speedwell Paper Targets as there currently is no New York State Contract for paper targets.

In addition to the NYS Contract items, we also have very competitive prices for Benelli, and Springfield Armory firearms. Please get a quote from us if buying new weapons. And as I said above, we take all lawful weapons (rifles, shotguns, pistols, revolvers, gas guns, flare guns, BATF unrestricted Form 5 automatic weapons, swords, bayonets, etc., new or used, pristine or beat up, military or civilian) in trade for credit against everything that we sell. That includes weapons you bought, confiscated weapons, and donated weapons (what I normally call dead guy stuff from family members that have no interest). Please get a used weapon quote from us before you turn something into a manhole cover that you could have converted into new equipment for the Department.

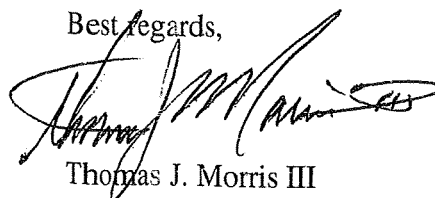

We are open five days a week, Monday through Friday, from 0730 to 1600. We accept orders either mailed via US Mail OR via Emails OR via Fax OR we will take orders orally over the telephone. Our telephone and fax numbers and email address and mailing address are all listed at the top of this letter. There is no minimum or maximum order BUT ammunition and targets must be ordered in full case lots and we have quoted by the case. Just use the Unit prices provided to determine your totals. We accept payment via voucher and check OR by EFT/ACH and can provide Bank information/Route number/Account number on request. Invoices are NET 30 days after receipt of product or invoice, whichever is later.

Everyone (except non-tax exempt Federal agencies/private security) is required to sign a Federal Excise Tax Exemption Certificate for the purchase of ammunition (one for each brand) each time you buy which we provide at the time the order is placed which says it is for the agency and is not being purchased for the purposes of resale. They must be mailed with original signatures, preferably in blue ink, and cannot be faxed or emailed once they are signed. IRS rules, not ours, and chiseled in granite. And as the old adage goes, "I don't mess with the IRS". I do not mess with Game Wardens either. ☺

As for me, I am third generation in this business. I put over 23 years in the Marine Corps, Active and Reserve, and retired as a Major. I was an Assistant Prosecuting Attorney for a number of years in Gloucester County, New Jersey and taught New Jersey and Federal firearms law at the Gloucester County (NJ) Police Academy for 26 years and also taught at the Camden County (NJ) Academy on an as needed basis during the same time period. I am a member of the Pennsylvania and New Jersey Bars (both active), and Ohio Bar (inactive) plus four Federal bars (active). Bottom line, we know the law enforcement business. And we supply a large % of the Departments in New York already so if you are not already buying from us, it is very easy to just call around and check us out.

And that's about it. We appreciate your business. Please contact us if we can ever be of service in the future and feel free to hand out our contact information to any other Department or Agency that is looking for a reliable source of reasonably priced police supplies. And if you have any friends with an FFL/gun shop, we supply stores as well. They just cannot buy at FET OUT pricing and the factory will not drop ship to them. We are NOT a huge corporation. When you call, you deal with people here!!

Best regards,

Thomas J. Morris III

Re: Code Violation

Jeff,

It has been a rough year so far adjusting to COVID-19. I did not get the virus but I did get shingles. I am 78 years old and have had heart surgery. I'm sure that you know that I am a serious risk. I have not been to a supermarket in many months. I have a friend that shops for me and brings the supplies to my house. She is 66 years old and diabetic and that makes her a high risk. She takes the risk. We wear masks when she comes to my house for a delivery. I don't think that it is worth the risk to plan and execute putting in a sewer connection during a pandemic. I was planning on getting the sewer connection done this year. The system has never had to have service since it was put in and is operating with no problems.

I now ask for a one year exemption, to September 29, 2021.

Thank you for your help with this matter.

Sincerely,

Wade E. Elliott
