PIN# AW 08.08.70F
Marketplace at Newburgh
Routes 300/52, Newburgh
Orange County**

Dear Permittee:

As per the Department's re-evaluation, and in agreement with the Residency Permit Engineer, we are amending HWP #08-07-1045 (issued on 3/13/2008) to allow phasing of the entrances in accordance with the attached correspondence from John Collins Engineers dated September 22, 2011.

This amendment must be attached to the original permit and become part thereof. In addition to Town of Newburgh approval, all other Rules and Regulations and Special Conditions of the original Permit remain the same.

Very truly yours,
