PROJECT: GOLD'S GYM ADDITION
PROJECT NO.: 18-07
PROJECT LOCATION: SECTION 86, BLOCK 1, LOT 26.21
REVIEW DATE: 27 APRIL 2018
MEETING DATE: 3 MAY 2018
PROJECT REPRESENTATIVE: MAURI ARCHITECTS

1. Additional site details identifying the location of the roof leader discharger should be provided.
2. Applicant's representative is requested to evaluate the location of the sanitary sewer force main under the building. Details for protection of the sanitary sewer during construction should be provided.
3. Parking calculations should be provided on the plans based on the amount of square footage at the site. Bulk Table identifies required parking at 433 while 386 are provided.
4. It is requested the Applicant's representative address any potential increase in sanitary sewer flow if proposed addition creates additional demand.
5. It is proposed to relocate two existing light fixtures from the side of the building to the new building exterior and add one additional fixture to the rear. Lighting level plan has been shown identifying no light emanating from the property.
6. Notification letter to properties within 500 feet is required.
7. County Planning referral is required due to proximity to county road and state highway.

Respectfully submitted,

Re: **Gold's Gym**
15 Racquet Road, Newburgh, NY
TON File No. 2018-07

Dear Chairman Ewasutyn,

Gold's Gym, located at the above referenced address, is proposing an expansion to their existing building. The existing parcel is approximately 7.25 acres and is located within the IB (Interchange Business) zoning district.

This proposal includes the construction of a new 2,673 square foot addition on the south side of the existing building. This addition will contain area to allow expansion of the free-weight program within the existing building. Currently, Gold's Gym feels that the existing free-weight area is too compressed and would better serve their members if it could be spread out. There are no other changes proposed to the Site Plan at this time.

Attached for your review and consideration is a Proposed Site Plan, Short Environmental Assessment Form and related Applications. I look forward to meeting with you and the Planning Board to discuss this project further. Should you have any questions prior to the next Planning Board meeting, please do not hesitate to contact my office.

Sincerely,

Martin J. Diesing RA AIA

Short Environmental Assessment Form **Part 3 Determination of Significance**

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
