Good Morning,

Please review this letter we received from Mr. Elliott who resides at 23 O'Dell Circle. He is requesting that the sewer connection is not done at this time. Do you know if there are any code violations for this property? Please advise. Thank you.

Gil P.
I have no open violations on file for this property. I have a permit from 1992 for a septic system installed by John Slaboda which was completed.

Jerry C.
