Re: Public hearing for variance at 299 Lakeside Rd, Newburgh

To Whom It May Concern:

We are currently scheduled to continue with our hearing on Thurs, April 28th. However, at this time we're still in a position of considering our options before moving forward with a newly revised house proposal. After meeting with the Orange Lake Committee on April 11th, I'm now considering all options before deciding on a solution that would seemingly be agreeable to everyone. There are many moving parts to this decision with a significant amount of time and money having already been invested. At this time, we would ask the town to consider a postponement of our hearing until further notice as to our readiness.

What is the maximum amount of time allowed by the town for the hearing to remain open and be rescheduled for a future date?

Thank you for your consideration.

Sincerely,
