PLANNING BOARD
TECHNICAL REVIEW COMMENTS**

PROJECT NAME: POSITIVE DEVELOPERS WAREHOUSE
PROJECT NO.: 22-16
PROJECT LOCATION: 36 RAQUET ROAD
SECTION 86, BLOCK 1, LOT 26.31
REVIEW DATE: 14 OCTOBER 2022
MEETING DATE: 20 OCTOBER 2022
PROJECT REPRESENTATIVE: ENGINEERING AND SURVEYING PROPERTIES, PC

1. Adjainers Notices have been submitted per Town Code.
2. Highway Superintendent's comments on the access drives should be received.
3. The Planning Board should declare its intent for Lead Agency as outside agency reviews are required including review by the Orange County Health Department for potable water. Orange County DPW and NYSDOT for review of potential traffic impacts.
4. Orange County Planning Department GML-239 review is required as project is located within 500-feet of a County roadway.
5. Future submissions should contain a landscape/lighting plan for submission to the Town's landscape architecture consultant.
6. Stormwater Management/SWPPP report and plan are required.
7. The project is proposed to be served by a sanitary sewer pump station. Design plans and Engineering Report for the substation are required.
8. The rear yard setback has been modified in accordance with the additional buffers between residential and commercial projects. Rear yard setback is noted at 128-feet. It is requested that the rear yard setback be identified at the required 125-feet in accordance with Section 185-18C(5)(a) on the Bulk Table.
9. The applicant's representatives are requested to confirm that the building height is less than 35-feet. Currently, the bulk table identifies a building height at 40-feet. Additional setbacks are required if the building exceeds 35-feet. Additional rear yard setback would be required at 40-feet. See notes below table referenced in comment above.

10. The traffic study prepared identifies certain improvements in the summary and conclusion section which would be required. Number 3 in the Summary and Conclusions identifies that “the Raquet Road and NYS 17k intersection satisfies the requirements to warrant a separate turn lane. The conclusion states the developer should provide a fair share contribution towards this improvement, which may also require other right-of-way dedications from other properties that are served by this roadway and on NYS Route 17k.” Methodology for completion of these improvements should be addressed as this project is the only project in the vicinity before the Planning Board at this time. Calculation of fair share improvements and/or requirements of undertaking improvements should be addressed. Ken Wursted’s comments on this should be received.

11. The plans continue to be in a schematic format. Detailed review will be undertaken once plans are submitted.

Respectfully submitted,

PROJECT NARRATIVE**

Dear Chairman Ewasutyn,

Raquet Road LLC is submitting a Site Plan application to the Town of Newburgh Planning Board for a proposed 42,000 s.f. warehouse. Their existing parcel is 3.94± acres, undeveloped, wooded, and located in the IB zoning district. The parcel is located at 36 Racquet Road to the north of the Gold's Gym building. The site is within the Town of Newburgh Crossroads Sewer District and a proposed private well will be used for the building's fire protection water tank and water service. Loading areas and employee parking spaces are also provided. The site will be utilizing stormwater management facilities to capture runoff.

I look forward to discussing this project with the Board at the next meeting.

JULY 2013

TO WHOM IT MAY CONCERN:

This package of information and forms is provided to assist the applicant in the preparation of a submission of a site plan, subdivision, lot line change or special exception use permit to the Town of Newburgh Planning Board. In most cases the application will be prepared initially by a licensed professional engineer, architect, surveyor or land planner. Since in almost every case such professional will be required for the process, they should be retained as early as possible.

Procedurally, the applicant should contact the Planning Board to discuss the potential project and obtain the necessary forms and regulations.

The Zoning and Subdivision Regulations of the Town of Newburgh require that the applicant must present plans to the Secretary of the Planning Board. When your application is complete, it will be placed on the next **AVAILABLE** agenda. Submittals must be handed in to the Planning Board Secretary at least 10 days prior to the next meeting, but the date of the appearance at a meeting will be determined by the next available time slot, not necessarily the next meeting. You will be notified of the date, time and place of your meeting.

A minimum of **FOURTEEN (14)** sets of **FOLDED PLANS** for a major or minor subdivision or a site plan must be submitted with a **COMPLETED** application, and **FIFTEEN (15)** sets of plans must be submitted if plans need to be submitted to the Town of Newburgh Traffic Consultant. This completed application must include a **LONG FORM OR FULL EAF** for every project except lot line changes, 2 lot subdivisions under 3 acres or site plans impacting less than one acre, along with a **NARRATIVE** of the proposed project. The narrative should include the action being taken, the size of the parcel, what zone the parcel is in, the water and sewer information, any Zoning Board of Appeals relief needed, and whether the parcel is on a private or town road. Complex or unusual projects should be discussed in greater detail.

Following the first meeting before the Planning Board the applicant is required to send an Adjoiner Notice to property owners within 500 feet of the parcels in question (please see final page of the package for full instructions).

Upon initial review of a Short Form, the Planning Board may require specific additional environmental information or the preparation of a Long Form. Long Form part 1 should be completed by the applicant. The Board will review and may modify Part 2 prior to making a decision on the SEQRA aspect of the project.

All fees for consulting and professional services that the Planning Board incurs during the review of the applications will be the responsibility of the applicant. An advance deposit for these fees will be required and will be placed in an escrow account with the Town. If the escrow account falls below the 40% of the initial deposit, the applicant will be required to immediately make an additional deposit to the escrow account prior to any further review of the project application by the Planning Board.

Very truly yours,

JOHN P. EWASUTYN, Chairman
Town of Newburgh Planning Board
