Re: Expired Building Permits W/O Cert. of Occupancies
For Above-Ground Pool and Rear Deck
SBL: 102-2-20

Dear Mrs. Rigo-Watts,

It has come to our attention during the zoning review that you have two building permits that have expired without certificates being issued. One is for an above ground swimming pool (#17721) and the other is for a rear deck (#17734).

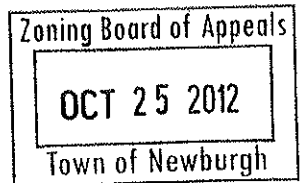

You must reapply for the building permits, have inspections performed and certificates issued. Enclosed are the applications required. Please remediate this as soon as possible so this office does not have to take further action.

If you have any questions, do not hesitate to call.

Respectfully,

James Campbell
Asst. Building Inspector
