**TOWN OF NEWBURGH
PLANNING BOARD
TECHNICAL REVIEW COMMENTS**

PROJECT: SLUSZKA TIMBER HARVEST
PROJECT NO.: 2018-02
PROJECT LOCATION: SECTION 11, BLOCK 1, LOT 2, 1.23, 1.3
SECTION 3, BLOCK 1, LOT 82
REVIEW DATE: 29 JANUARY 2018
MEETING DATE: 01 FEBRUARY 2018
PROJECT REPRESENTATIVE: JIM WLASIUK, FORRESTER

1. The number of trees to be harvested should be identified. Typical timber harvests submit the number of each species of trees by diameter, the amount of board feet to be harvested and the average number of trees per acre from the impacted area.
2. The loading area and access drive to the site is on NYS Route 300. NYSDOT review and comment on the access should be received.
3. The project will require submission to Orange County Planning Department due to access to the state highway.
4. The time frame for the timber harvest and the number of days required to perform the timber harvest should be identified.
5. A Public Hearing on the timber harvest is required based on the Town's clearing and grading regulations.

Respectfully submitted,

***McGoey, Hauser and Edsall

Timber Harvest 87 acres

Clearing and Grading Application

Introduction

Richard and Janet Sluszka own 4 parcels which comprise 107 acres of land located off of State Route 300 and Kings Hill Rd. The parcel numbers and acreage are listed in the table below. The Sluszka's have contracted Jim Wlasiuk to conduct a timber harvest on their property. Jordan Heller, Forester for Greene Lumber Co LP, is compiling all necessary maps and paperwork to obtain the Town of Newburgh Clearing and Grading permit from the Town of Newburgh Planning Board.

Parcel I.D.	Acreage
11-1-2	23.7
11-1-1.23	28.8
11-1-1.3	29.9
3-1-82	24.6

Below is a response to page 2 of the Clearing and Grading Application.

- (1) Attached to this application is a timber harvest map showing the property bounds of the land owned by Mr. and Mrs. Sluszka.
- (2) The attached map also shows the boundaries of the proposed timber harvest, skid trails, landing location, NYS Department of Environmental Conservation freshwater wetland boundary and the 100 year floodplain. The project to be conducted is a selective timber harvest; NO CLEARING will be conducted. The table below states the tree species to be harvested.

Tree Species	Scientific Name
Sugar Maple	Acer saccharum
Red Oak	Quercus rubra
Black Oak	Quercus velutina
White Oak	Quercus alba
Red Maple	Acer rubrum
Hickory	Carya cordiformis/ovata
White Ash	Fraxinus americana
Black Birch	Betula lenta
Tulip	Liriodendron tulipifera

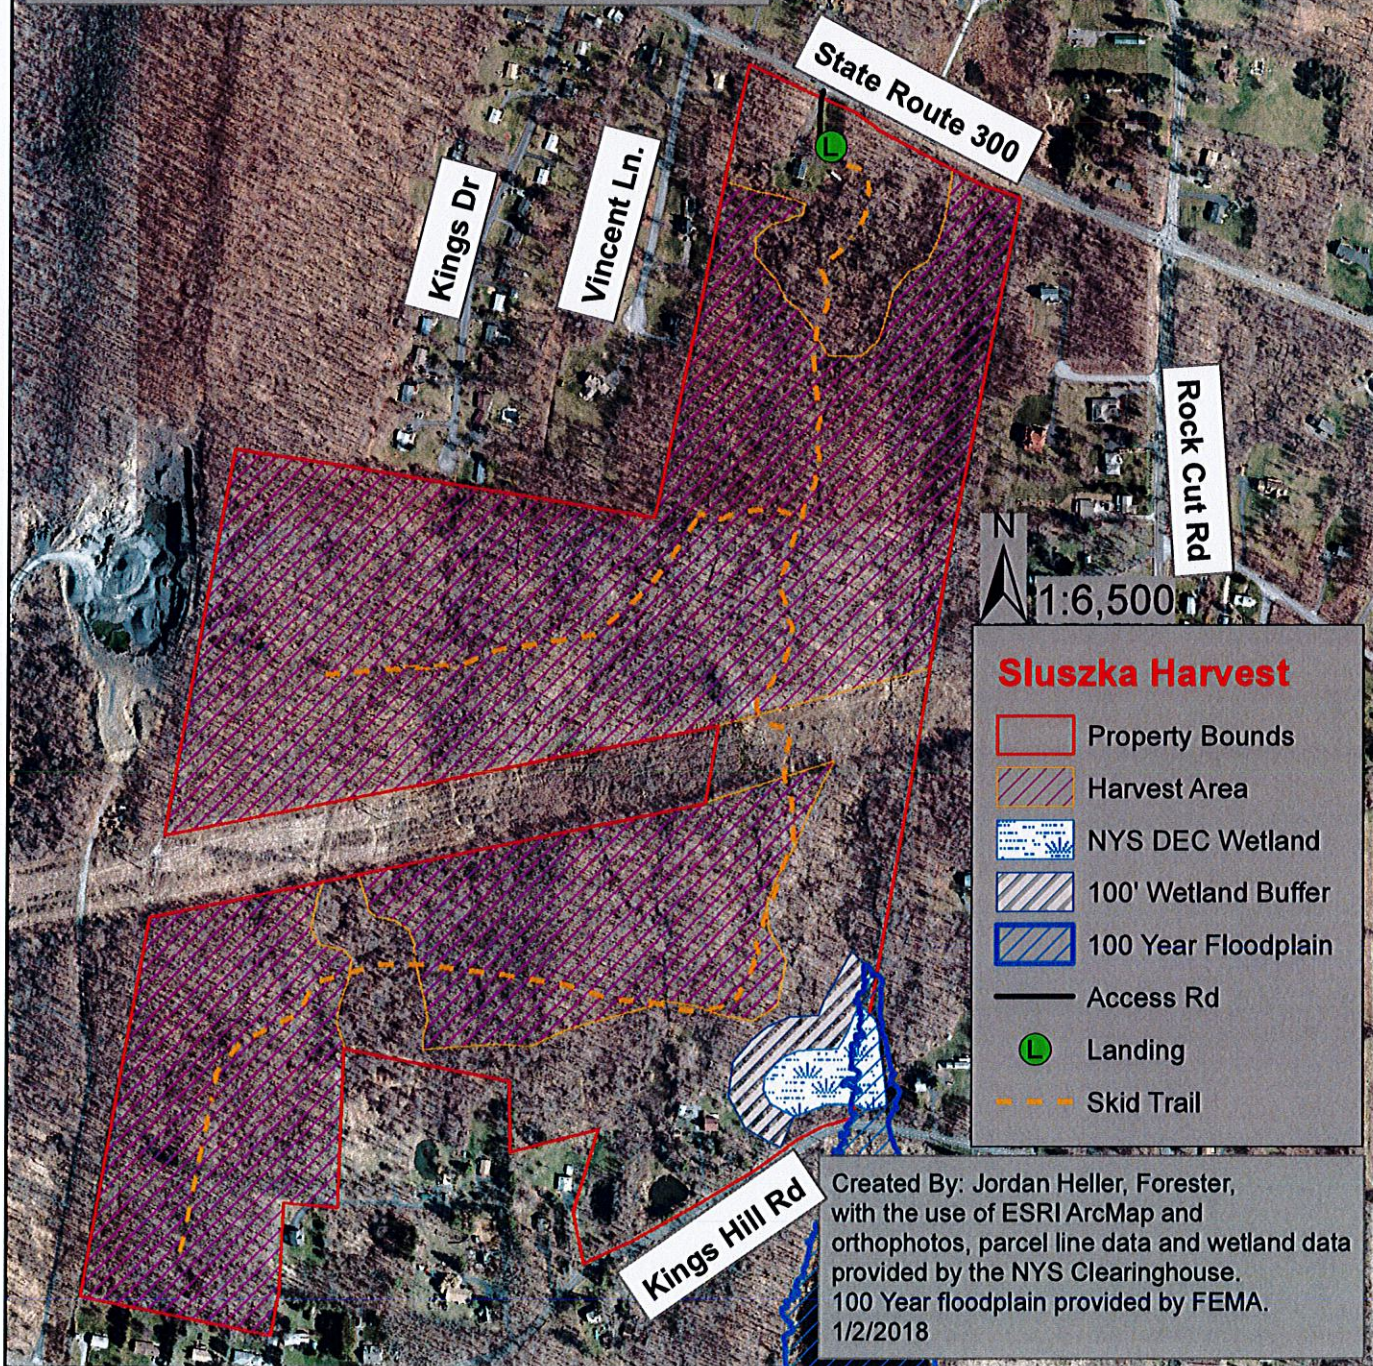

- (3) The erosion control plan is attached to this application.
- (4) The short form environmental assessment form is attached to this application. There are no endangered species or critical environmental areas within or

surrounding the project area. The EAF Mapper has found "Archaeological Sites" present on the property. The applicant has made a CRIS request and is waiting for a response from the NYS Historic Preservation Office about the "Archaeological Sites".

- (5) Hardwood trees 18 inches in diameter at breast height or greater will be harvested. The tree species to be harvested are listed in the table in item 2 above. The tree tops will be lopped down to a height of 4 feet or lower and the stem of the tree will be skidded to the landing and bucked into logs. The logs will then be transported by truck to a lumber mill or as firewood.
- (6) There will be no construction of drainage systems or any water system that would create Point Source Pollution runoff.
- (7) Timber Harvest 87 acres

Erosion Control Plan- Attachment to the Clearing and Grading Permit Application

Erosion of skid trails during and post-harvest will be controlled by using logging best management practices as described in the NYS DEC Forestry Best Management Practices for Water Quality Field Guide.

The primary best management practices that will be used for this harvest are described below:

1. Laying out skid trails prior to harvest to minimize ground disturbance.
2. Harvesting when the ground is frozen.
3. Limit skidding if excess rutting occurs.
4. Smooth all skid trails of ruts or high center at the end of the harvest to eliminate channeling of water.
5. Put wooden mats over small intermittent streams.
6. Install waterbars on slopes to divert water off the trail and into leaf litter for dispersal.
7. Clean up all wood and debris from landing at the end of the harvest.

The southeast section of parcel 11-1-2 contains a NYS DEC Freshwater Wetland and a small section of the 100 year floodplain. A 100' buffer will be maintained around the wetland and floodplain. This is depicted on the "Timber Harvest Map" attached to the Clearing and Grading Application.

The following 3 pages provide some background of the NYS DEC Forestry Best Management Practices Field Guide and describe what a waterbar is.

Best Management Practices (BMP's and Waterbars)

Best Management Practices (BMPs) are guidelines that were developed by the New York State Department of Environmental Conservation (NYSDEC), the New York City Watershed Agricultural Council (WAC), and the New York City Department of Environmental Protection (DEP). Above is the BMP Field Guide provided by the NYSDEC. BMP's are easy to follow guidelines for diverting water from skid trails, crossing streams, closing out logging jobs, setting up landings, and laying out an access system for large and small woodlots. The most common BMP's implemented on any timber harvest:

1. Harvest when the ground is dry, frozen, or avoid harvesting when excessive rutting would occur.
2. Creation of waterbars on slopes to divert water off the skid trail in order to minimize soil erosion and sedimentation of streams and wetlands.
3. Minimize ground disturbance by laying out skid trails prior to harvest.
4. Minimize size of landing.
5. Post-harvest clean-up such as smoothing ruts from skid trails, creating permanent waterbars where necessary, lopping tops, and removing all wood from the landing.

The following pages describe and show what a waterbar is and how it works.

A waterbar is described as “mounds of soil excavated across the width of a skid trail at a 30-degree downward angle. Effective water bars extend the entire width of the skid trail and possess a clear outlet which facilitates the drainage of water from the compacted surface of a skid trail into undisturbed forest soil. The number of water bars installed on a skid trail is contingent upon the trail slope. The steeper the slope, the greater the number of water bars necessary to control runoff on the skid trail. Water bars control the volume and velocity of water that flows downskid trails, intercepting runoff and returning it to its natural place within the landscape where it can be absorbed by undisturbed forest soils. Water bars are a necessary tool for controlling the forces of erosion associated with storm water runoff on skid trails.” (2011 BMP Field Guide). The image below shows the function and layout of a waterbar. The image on the following page is a picture of a water bar in a skid trail. The general rule for determining where a waterbar should be created is to stand in the middle of the skid trail and look down the center of the trail; wherever your eyes intersect the slope is where a waterbar belongs.

Diagram of waterbar layout and function

PROJECT NAME

CHECKLIST FOR MAJOR/MINOR SUBDIVISION AND/OR SITE PLAN

I. The following items shall be submitted with a COMPLETED Planning Board Application Form.

1. Environmental Assessment Form As Required
2. Proxy Statement
3. Application Fees
4. Completed Checklist (Automatic rejection of application without checklist)

II. The following checklist items shall be incorporated on the Subdivision Plat or Site Plan prior to consideration of being placed on the Planning Board Agenda. Non-submittal of the checklist will result in application rejection.

1. Name and address of applicant
2. Name and address of owner (if different from applicant)
3. Subdivision or Site Plan and Location
4. Tax Map Data (Section-Block-Lot)
- * 5. Location map at a scale of 1" = 2,000 ft. or less on a tax map or USCGS map base only with property outlined
6. ~~N/A~~ Zoning table showing what is required in the particular zone and what applicant is proposing. A table is to be provided for each proposed lot
7. Show zoning boundary if any portion of proposed site is within or adjacent to a different zone
8. Date of plan preparation and/or plan revisions
9. Scale the plan is drawn to (Max 1" = 100'); *Map will not fit at this scale*
10. North Arrow pointing generally up

11. N/A Surveyor,s Certification
12. N/A Surveyor's seal and signature
13. Name of adjoining owners
14. Wetlands and 100 ft. buffer zone with an appropriate note regarding D.E.C. or A.C.O.E. requirements
15. Flood plain boundaries
16. N/A Certified sewerage system design and placement by a Licensed Professional Engineer must be shown on plans in accordance with Local Law #1 1989
17. N/A Metes and bounds of all lots
18. N/A Name and width of adjacent streets; the road boundary is to be a minimum of 25 ft. from the physical center line of the street
19. N/A Show existing or proposed easements (note restrictions)
20. N/A Right-of-way width and Rights of Access and Utility Placement
21. N/A Road profile and typical section (minimum traveled surface, excluding shoulders, is to be 18 ft. wide)
22. N/A Lot area (in sq. ft. for each lot less than 2 acres)
23. N/A Number of lots including residual lot
24. N/A Show any existing waterways
25. N/A A note stating a road maintenance agreement is to be filed in the County Clerk's Office where applicable
26. N/A Applicable note pertaining to owners review and concurrence with plat together with owner's signature
27. N/A Show any improvements, i.e. drainage systems, water lines, sewer lines, etc.
28. N/A Show all existing houses, accessory structures, wells and septic systems on and within 200 ft. of the parcel to be subdivided
29. Show topographical data with 2 or 5 ft. contours on initial submission

30. N/A Indicate any reference to a previous subdivision, i.e. filed map number, date and previous lot number
31. N/A If a private road, Town Board approval of name is required, and notes on the plan that no town services will be provided and a street sign (per town specs) is to be furnished and installed
32. Number of acres to be cleared or timber harvested
33. N/A Estimated or known cubic yards of material to be excavated and removed from the site
34. N/A Estimated or known cubic yards of fill required
35. N/A The amount of grading expected or known to be required to bring the site to readiness
36. N/A Type and amount of site preparation which falls within the 100 ft. buffer strip of wetlands or within the Critical Environmental Area. Please explain in sq. ft. or cubic yards.
The timber harvest will not occur within the 100ft buffer strip of the wetland.
37. N/A Any amount of site preparation within a 100 year floodplain or any water course on the site. Please explain in sq. ft. or cubic yards.
The timber harvest will not occur within the 100 year floodplain or any watercourse.
38. List of property owners within 500 feet of all parcels to be developed (see attached statement).

The plan for the proposed subdivision or site has been prepared in accordance with this checklist.

FEE ACKNOWLEDGEMENT

The town of Newburgh Municipal Code sets forth the schedule of fees for applications to the Planning Board. The signing of this application indicates your acknowledgement of responsibility for payment of these fees to the Planning Board for review of this application, including, but not limited to escrow fees for professional services (planner/consultant, engineering, legal), public hearing and site inspection. Applicant's submissions and resubmissions are not complete and will not be considered by the planning board or placed upon its agenda unless all outstanding fees have been paid. Fees incurred after the stamping of plans will remain the responsibility of the applicant prior to approval of a building permit or certificate of occupancy. Fee schedules are available from the Planning Board Secretary and are on the Town's website.

Planning Board Project Narrative

Action: A commercial selective timber harvest of the forested section of parcels 11-1-2, 11-1-1.23, 11-1-1.3 and 3-1-82 which are owned by Richard and Janet Sluszka. The silvicultural prescription for the harvest is a thinning from above.

Size of Parcel: The combined acreage for the 4 parcels is 107ac. 87acres will be subjected to the timber harvest.

Zoning: Parcels 11-1-2 and 11-1-1.23 are in the R1-Residential. Parcels 11-1-1.3 and 3-1-82 are in AR-Agricultural Residence.

Roads: The parcels are accessed by State Route 300.

Special Concerns:

There is a NYS DEC Freshwater Wetland located in the southeast corner of parcel 11-1-2. There is a 100 foot buffer around the wetland and no harvesting will be conducted within the 100 foot buffer.

There is a small section of the 100 year floodplain located in the southeast corner of parcel 11-1-2. The 100 foot wetland buffer also protects the 100 year floodplain. There will be no harvesting conducted within the 100 foot buffer.

Forestry Best Management Practices will be implemented to control erosion from skid trails. There are no steep areas on the property so erosion control should be controlled easily.

The log landing will be located on parcel 3-1-82. There is an existing entrance to parcel 3-1-82 from State Route 300. No improvements to the entrance need to be made. Log trucks will utilize this entrance for entering and exiting the log landing.

This project will be conducted in 2 zoning districts. This is noted above.

Short Environmental Assessment Form

Part 1 - Project Information

Instructions for Completing

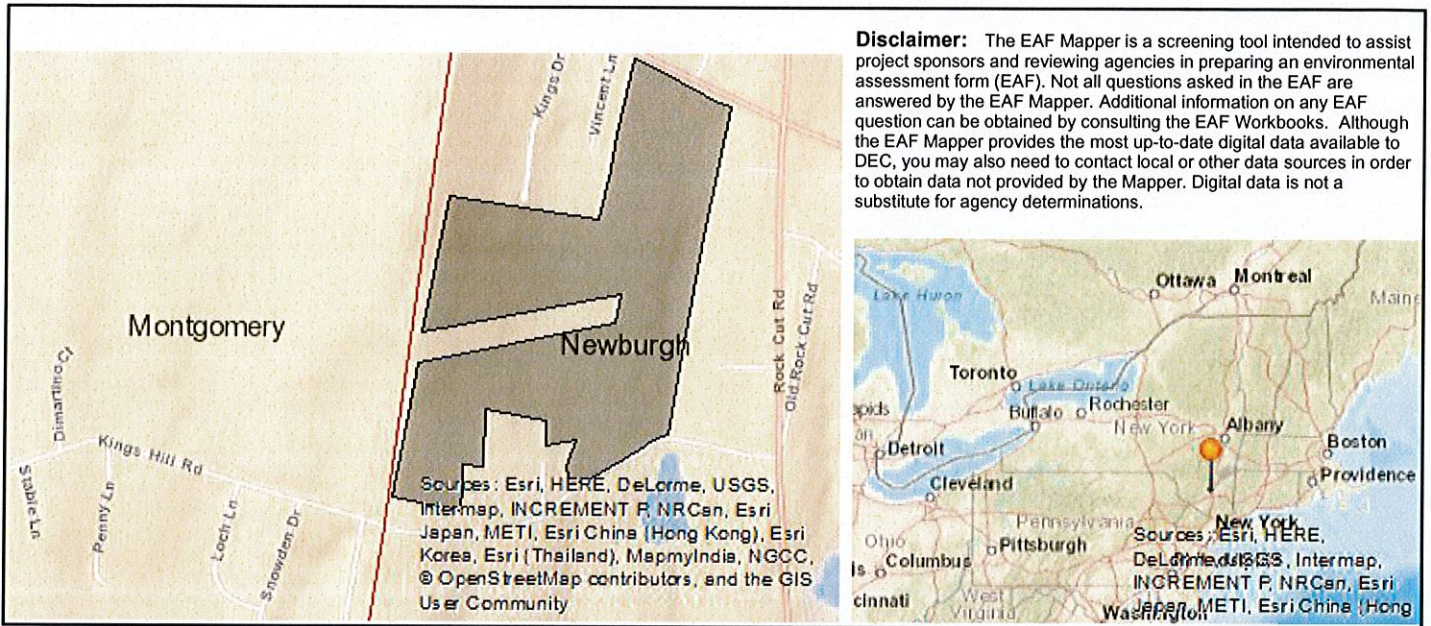

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information			
Name of Action or Project: Sluszka Timber Harvest			
Project Location (describe, and attach a location map): 2103 State Route 300, Walkill, NY 12589			
Brief Description of Proposed Action: Selective timber harvest of the forested section of parcels 11-1-2, 11-1-1.23, 11-1-1.3 and 3-1-82.			
Name of Applicant or Sponsor: Jim Wlasiuk		Telephone: 518-569-4560	
Address: 10814 County Highway 27		E-Mail:	
City/PO: Sidney Center		State: NY	Zip Code: 13839
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			NO <input type="checkbox"/>
2. Does the proposed action require a permit, approval or funding from any other governmental Agency? If Yes, list agency(s) name and permit or approval: Town of Newburgh Planning Board, Clearing and Grading Permit			YES <input checked="" type="checkbox"/>
3.a. Total acreage of the site of the proposed action? _____			87 acres
b. Total acreage to be physically disturbed? _____			87 acres
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? _____			0 acres
4. Check all land uses that occur on, adjoining and near the proposed action.			
<input type="checkbox"/> Urban <input type="checkbox"/> Rural (non-agriculture) <input type="checkbox"/> Industrial <input checked="" type="checkbox"/> Commercial <input checked="" type="checkbox"/> Residential (suburban)			
<input checked="" type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input type="checkbox"/> Other (specify): _____			
<input type="checkbox"/> Parkland			

5. Is the proposed action, a. A permitted use under the zoning regulations?	NO	YES	N/A
	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. Consistent with the adopted comprehensive plan?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?	NO	YES	
	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area? If Yes, identify: _____	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
8. a. Will the proposed action result in a substantial increase in traffic above present levels?	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
	b. Are public transportation service(s) available at or near the site of the proposed action?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
	c. Are any pedestrian accommodations or bicycle routes available on or near site of the proposed action?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies: _____ _____	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
10. Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: _____	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
11. Will the proposed action connect to existing wastewater utilities? If No, describe method for providing wastewater treatment: _____	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
12. a. Does the site contain a structure that is listed on either the State or National Register of Historic Places? b. Is the proposed action located in an archeological sensitive area?	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody? If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: _____	NO	YES	
	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply: <input type="checkbox"/> Shoreline <input checked="" type="checkbox"/> Forest <input type="checkbox"/> Agricultural/grasslands <input type="checkbox"/> Early mid-successional <input checked="" type="checkbox"/> Wetland <input type="checkbox"/> Urban <input type="checkbox"/> Suburban			
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
16. Is the project site located in the 100 year flood plain?	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

**Certificate of Attestation of Exemption
From New York State Workers' Compensation
and/or Disability Benefits Insurance Coverage**

****This form cannot be used to waive the workers' compensation rights or obligations of any party.****

The applicant may use this Certificate of Attestation of Exemption **ONLY** to show a government entity that New York State specific workers' compensation and/or disability benefits insurance is not required. The applicant may **NOT** use this form to show another business or that business's insurance carrier that such insurance is not required.

Please provide this form to the government entity from which you are requesting a permit, license or contract. This Certificate will not be accepted by government officials one year after the date printed on the form.

<p align="center">In the Application of (Legal Entity Name and Address):</p> <p>JAMES WLASIUK 10814 COUNTY HIGHWAY 27 SIDNEY CENTER, NY 13839 PHONE: 518-569-4560 FEIN: XXXXX1448</p>	<p align="center">Business Applying For: Timber Harvest Permit</p> <p>From: TOWN OF NEWBURGH</p>
--	---

Workers' Compensation Exemption Statement:

The above named business is certifying that it is **NOT REQUIRED TO OBTAIN NEW YORK STATE SPECIFIC WORKERS' COMPENSATION INSURANCE COVERAGE** for the following reason:
The business is owned by one individual and is not a corporation. Other than the owner, there are no employees, day labor, leased employees, borrowed employees, part-time employees, unpaid volunteers (including family members) or subcontractors.

Disability Benefits Exemption Statement:

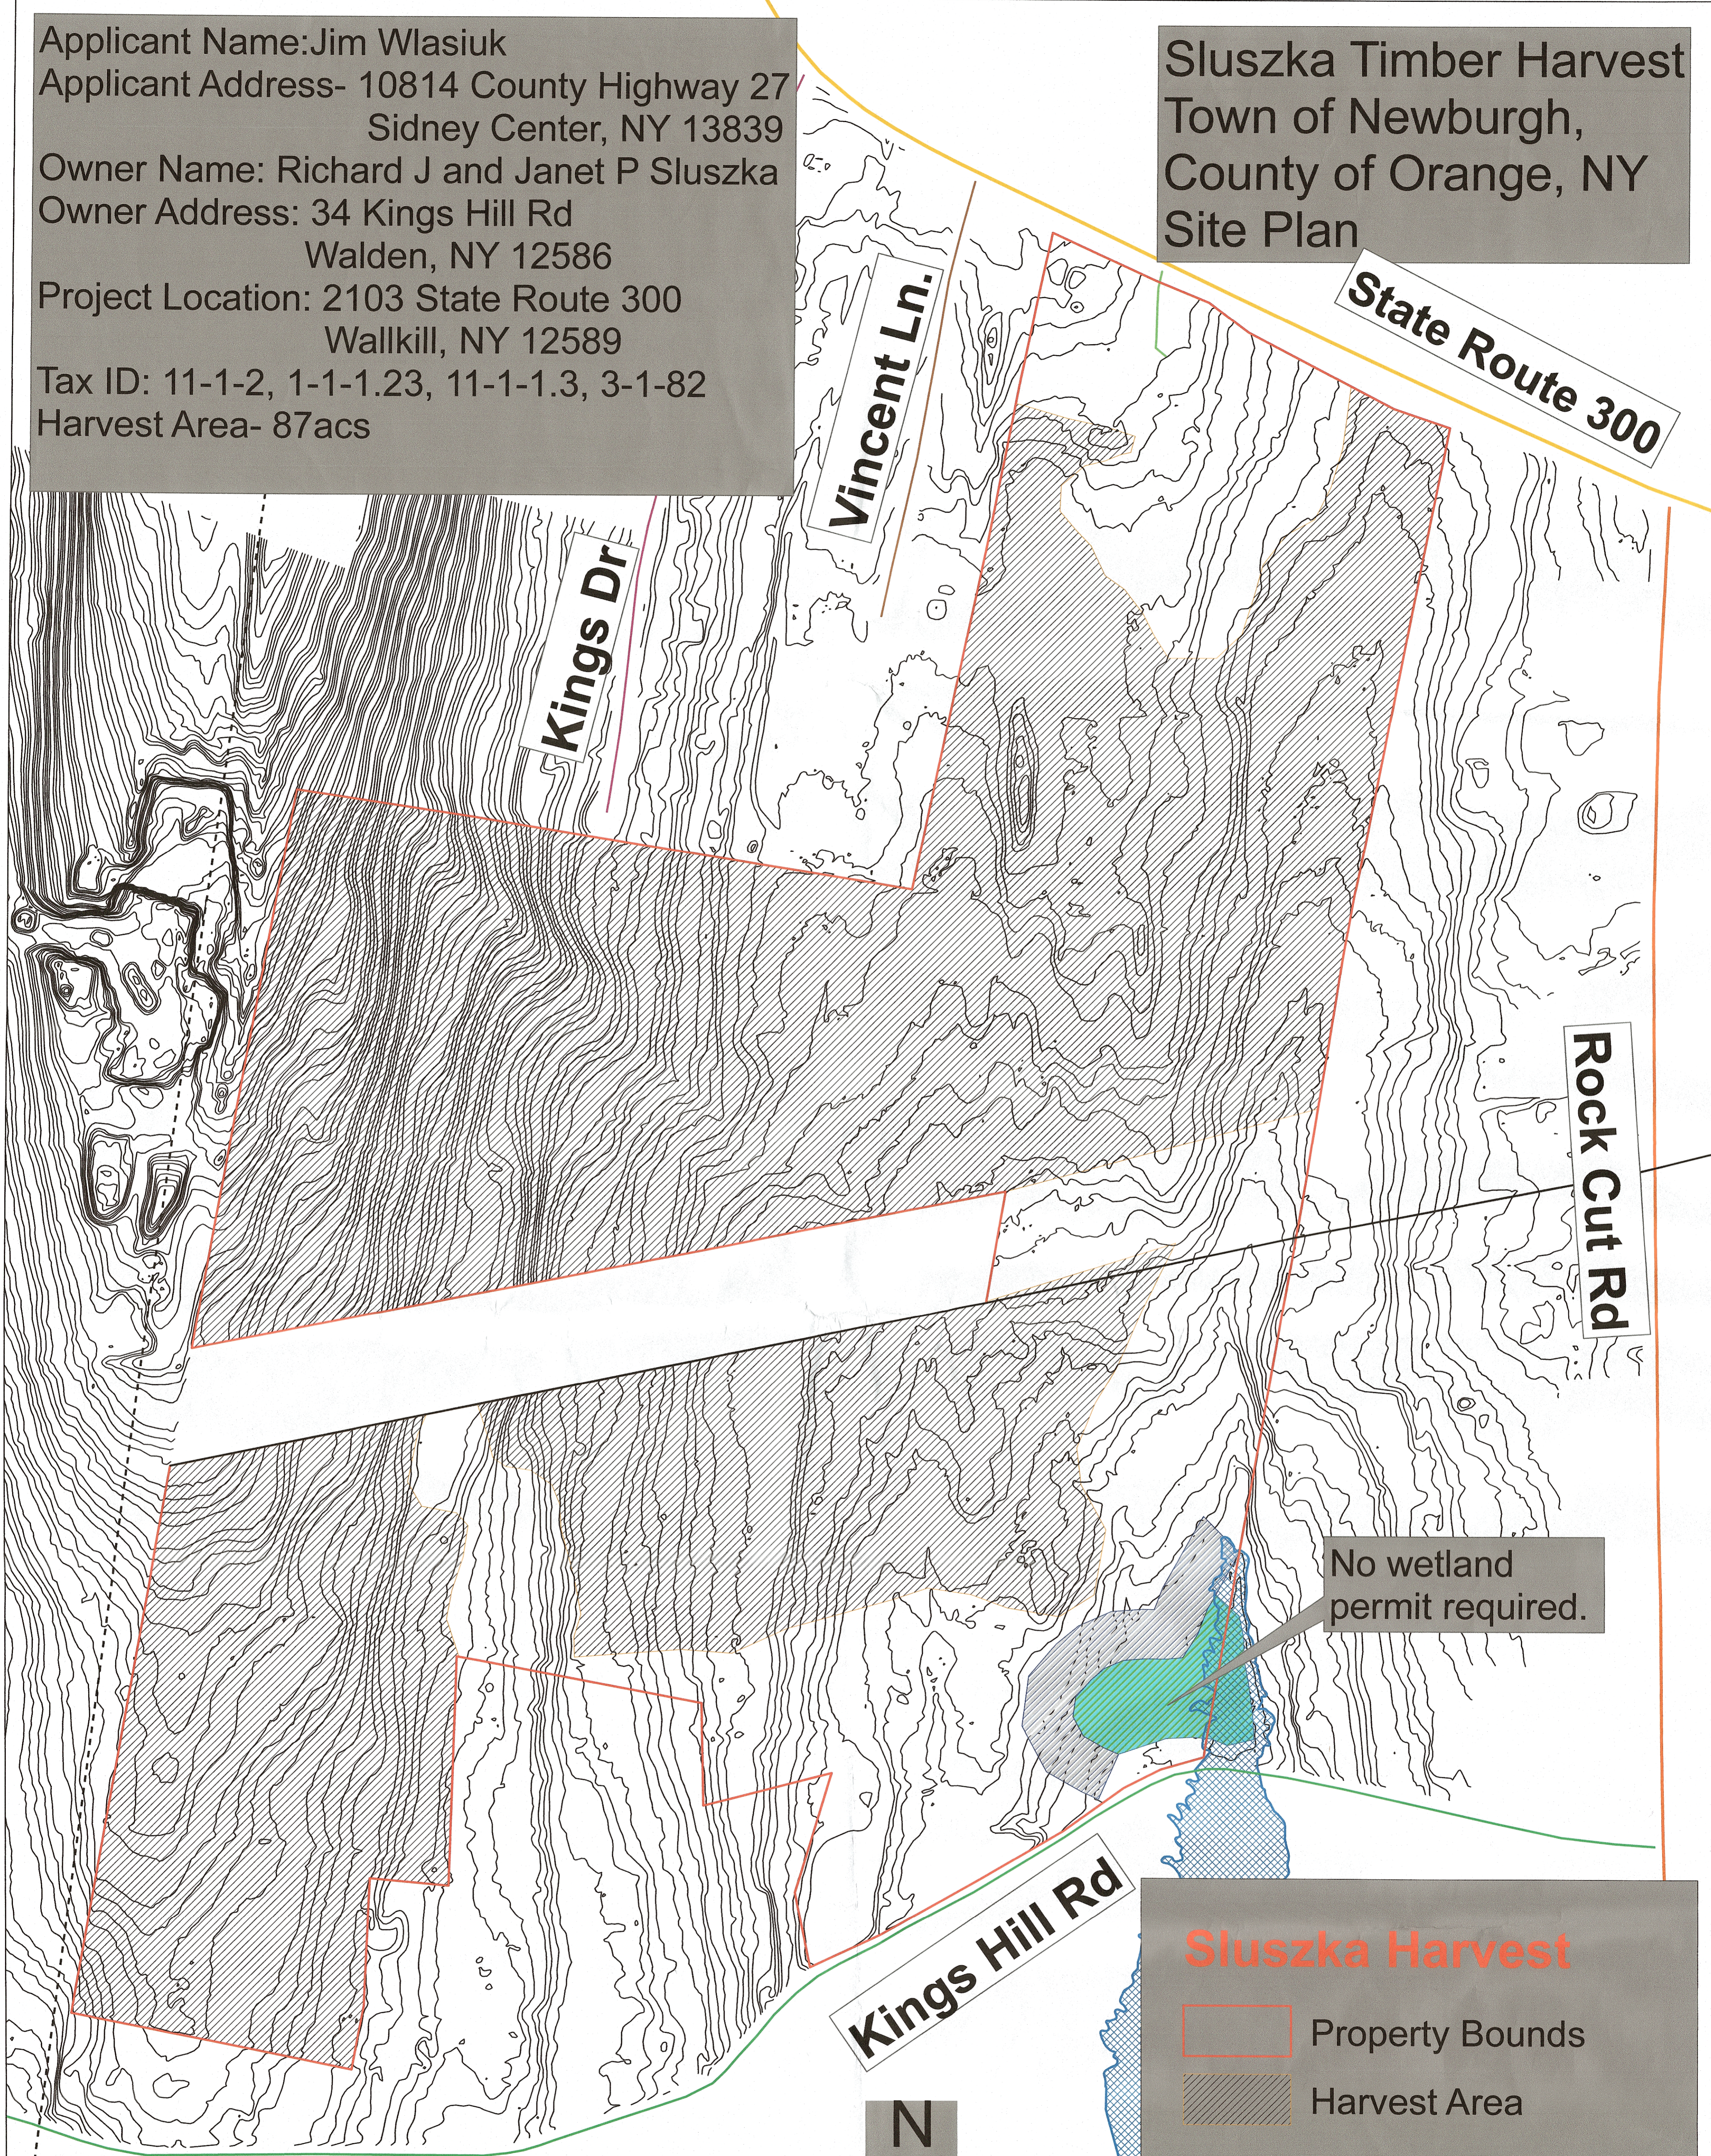

The above named business is certifying that it is **NOT REQUIRED TO OBTAIN NEW YORK STATE STATUTORY DISABILITY BENEFITS INSURANCE COVERAGE** for the following reason:
The business **MUST** be either: 1) owned by one individual; OR 2) is a partnership (including LLC, LLP, PLLP, RLLP, or LP) under the laws of New York State and is not a corporation; OR 3) is a one or two person owned corporation, with those individuals owning all of the stock and holding all offices of the corporation (in a two person owned corporation each individual must be an officer and own at least one share of stock); OR 4) is a business with no NYS location. In addition, the business does not require disability and paid family leave benefits coverage at this time since it has not employed one or more individuals on at least 30 days in any calendar year in New York State. (Independent contractors are not considered to be employees under the Disability and Paid Family Leave Benefits Law.)

I, JAMES WLASIUK, am the Sole Proprietor with the above-named legal entity. I affirm that due to my position with the above-named business I have the knowledge, information and authority to make this Certificate of Attestation of Exemption. I hereby affirm that the statements made herein are true, that I have not made any materially false statements and I make this Certificate of Attestation of Exemption under the penalties of perjury. I further affirm that I understand that any false statement, representation or concealment will subject me to felony criminal prosecution, including jail and civil liability in accordance with the Workers' Compensation Law and all other New York State laws. By submitting this Certificate of Attestation of Exemption to the government entity listed above I also hereby affirm that if circumstances change so that workers' compensation insurance and/or disability benefits coverage is required, the above-named legal entity will immediately acquire appropriate New York State specific workers' compensation insurance and/or disability benefits coverage and also immediately furnish proof of that coverage on forms approved by the Chair of the Workers' Compensation Board to the government entity listed above.
