PROJECT NAME:THE ENCLAVEPROJECT NO.:22-25PROJECT LOCATION:SECTION 34, BLOCK 1, LOTS 46, 52.12 & 53.5REVIEW DATE:11 NOVEMBER 2022MEETING DATE:17 NOVEMBER 2022PROJECT REPRESENTATIVE:ENGINEERING AND SURVERYING PROPERTIES

- 1. The project proposed a 246 unit multifamily residential project to be constructed in 18 individual structures. Clubhouse/Recreational facility is also proposed. The project is generally located in the vicinity of the intersection of NYS Route 300 and Gardnertown Rd.
- 2. The project is identified as having proposed sewer. No sewer exists in the vicinity of the project currently.
- 3. Information pertaining to a potential sewer easement through tax lot 49.2 should be identified.
- 4. Information pertaining to the ownership of the strip of land between the proposed project and Circle Lane should be provided.
- 5. Project will be subject to the recently adopted Tree Preservation Ordinance. Compliance with the ordinance should be documented.
- 6. The EAF identifies the disturbance of 19+/- acres of the 48-acre site. A Stormwater Pollution Prevention Plan in compliance with the DEC and the Town of Newburgh requirements must be submitted for approval.
- 7. The Federal Jurisdictional Wetland Delineation should be submitted to the Army Corp of Engineers for a jurisdictional determination. This is required for the proposed stream crossing on the access road as well as wetland impacts identified interior to the site, which are not currently identified as wetland disturbances.
- 8. A Floodplain Development Permit will be required for the proposed bridge over Quassaick Creek.
- 9. The EAF identifies a 3-phase project. Phasing plans need to be submitted for review in the future.
- 10. Health Department approval for water system extension is required.
- 11. NYSDEC approval for any sewer extensions to serve the project will be required.

NEW YORK OFFICE

PENNSYLVANIA OFFICE

- 12. An Outside User Agreement or creation of a sewer district will be required as part of the project. Approval from the Town Board for this would be required.
- 13. The project is located in an area designated as archeologically sensitive and a historic structure is identified in the vicinity of the project. This must be addressed in a Cultural Resources Survey.
- 14. The project contains habitat for the Federally Endangered Indiana Bat. Projects disturbing greater than 10 acres of forested land within an Indiana Bat habitat will require an analysis for a potential Incidental Take Permit from the NYS Department of Environmental Conservation.
- 15. The hydraulic analysis of Quassaick Creek at the proposed crossing will be required for sizing of the stream crossing structures.
- 16. The Adjoiner's Notices must be circulated.
- 17. The project requires 492 parking spaces but 608 spaces have been proposed.
- 18. Existing structures on the site are proposed to be removed. A Demolition Permit for removal of any structures is required.
- 19. The wetland delineation on the property is identified as being performed in 2004. Updated wetland delineations would be required as jurisdictional determinations are only valid for 10 years.
- 20. The 100 Year Floodplain Limit should be based on the 2009 flood plain maps adapted by the Town of Newburgh. Current 100 Year Floodplain Limit is based on 2002 data.
- 21. The applicant should discuss the ability to construct the proposed sewer line outside the limits of the project boundary.
- 22. NYSDOT approval for project access drives will be required.
- 23. The Planning Board should discuss whether adequate information is provided for a Notice of Intent from the Lead Agency or if the Board requires additional information regarding provisions for sewer on the site.

Respectfully submitted,

MHE Engineering, D.P.C.

RE: WO 996.0602 PB APPLICATION 2022-25 THE ENCLAVE NYS ROUTE 300 & GARDNERTOWN ROAD TAX LOT # 34-1-46, 52.12 & 53.5

Dear Mr. Ewasutyn:

Please find attached 14 copies of the completed application form, FEAF and Site Plan for the proposed application of Diversified Properties, LLC. Additional copies of the aforementioned documents have been delivered directly to the Planning Board Engineer and Planning Board Attorney. The project is located along NYS Route 300 and Gardnertown Road. The proposed action consists of the construction of (13) 12-unit apartment buildings and (5) 18-unit apartment buildings and (1) clubhouse. The access point to the proposed project will be from NYS Route 300. Emergency access to the proposed project will be from Circle Lane. The proposed development will be serviced by public water and sewer services. The proposed plan is permitted in the "R3" zoning district in accordance with the following.

Zoning District R3 Use §185-25 "Multiple dwellings and townhouses."

If you have any additional questions and/or comments, please don't hesitate to contact this office.

Sincerely, Engineering & Surveying Properties, PC

Ross Winglovitz, P.E. Principal

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1is accurate and complete.

TOWN OF NEWBURGH PLANNING BOARD

APPLICATION PACKAGE for SUBDIVISIONS, SITE PLANS, LOT LINE CHANGES And SPECIAL EXCEPTION USE PERMITS

Procedures and Requirements

July 2013

TOWN OF NEWBURGH PLANNING BOARD 308 GARDNERTOWN ROAD NEWBURGH, NEW YORK 12550 (845) 564-7804 fax: (845) 564-7802 planningboard@hvc.rr.com

TO WHOM IT MAY CONCERN:

This package of information and forms is provided at assist the applicant in the preparation of a submission of a site plan, subdivision, lot line change or special exception use permit to the Town of Newburgh Planning Board. In most cases the application will be prepared initially by a licensed professional engineer, architect, surveyor or land planner. Since in almost every case such professional will be required for the process, they should be retained as early as possible.

Procedurally, the applicant should contact the Planning Board to discuss the potential project and obtain the necessary forms and regulations.

The Zoning and Subdivision Regulations of the Town of Newburgh require that the applicant must present plans to the Secretary of the Planning Board. When your application is complete, it will be placed on the next **AVAILABLE** agenda. Submittals must be handed in to the Planning Board Secretary at least 10 days prior to the next meeting, but the date of the appearance at a meeting will be determined by the next available time slot, not necessarily the next meeting. You will be notified of the date, time and place of your meeting.

A minimum of FOURTEEN (14) sets of FOLDED PLANS for a major or minor subdivision or a site plan must be submitted with a COMPLETED application, and FIFTEEN (15) sets of plans must be submitted if plans need to be submitted to the Town of Newburgh Traffic Consultant. This completed application must include a LONG FORM OR FULL EAF for every project except lot line changes, 2 lot subdivisions under 3 acres or site plans impacting less than one acre, along with a NARRATIVE of the proposed project. The narrative should include the action being taken, the size of the parcel, what zone the parcel is in, the water and sewer information, any Zoning Board of Appeals relief needed, and whether the parcel is on a private or town road. Complex or unusual projects should be discussed in greater detail.

Following the first meeting before the Planning Board the applicant is required to send an Adjoiner Notice to property owners within 500 feet of the parcels in question (please see final page of the package for full instructions). Upon initial review of a Short Form, the Planning Board may require specific additional environmental information or the preparation of a Long Form. Long Form part 1 should be completed by the applicant. The Board will review and may modify Part 2 prior to making a decision on the SEQRA aspect of the project.

All fees for consulting and professional services that the Planning Board incurs during the review of the applications will be the responsibility of the applicant. An advance deposit for these fees will be required and will be placed in an escrow account with the Town. If the escrow account falls below the 40% of the initial deposit, the applicant will be required to immediately make an additional deposit to the escrow account prior to any further review of the project application by the Planning Board.

Very truly yours,

JOHN P. EWASUTYN, Chairman Town of Newburgh Planning Board

STATEMENT TO APPLICANTS

RE: TOWN OF NEWBURGH CLEARING AND GRADING LAW

The Town of Newburgh Clearing and Grading Control Law requires a separate <u>permit</u> for most site preparation activities, including clearing, grading, tree cutting, excavating and filling. Site preparation activities performed following site plan or subdivision approval by the Planning Board may by exempt from the permit application, public hearing, fee and bonding requirements of the law <u>provided</u> the subdivision or site plan application has been reviewed for conformance with the clearing and grading law and the approval conditioned on compliance with the standards set forth in the law. Completion of the attached form will enable the Planning Board to review your application for conformance with the law's requirements. In the event it is not completed you many be required to apply for a separated permit for your site preparation activities. A sediment and erosion control plan and a plan showing the areas to be cleared, filled, graded or subjected to tree cutting, the types of vegetation affected and the proposed disposition of the destroyed vegetation must accompany the form. A SEQRA long form or full EAF should be utilized to discuss any environmental impacts and must accompany the application.

FEE LAW SUMMARY

PENDING APPLICATIONS

All applicants with matters pending before the Planning Board as of the effective date of this local law shall be required to post as escrow in the manner and upon the terms and conditions set forth below:

- (a) The Planning Board, in consultation with the applicant, shall compute the amount of the escrow to be posted with the Town. Such amount shall be reasonably related to the costs attendant to the Town's review of the application as of the effective date of this local law. Under no circumstances shall the escrow include amounts attributable to any costs incurred by the Town prior to the effective date of this local law.
- (b) Once computed and established by Resolution of the Planning Board, the applicant shall, within fifteen (15) days of said resolution, post escrow fees with the Secretary of the Planning Board. Failure to deliver the said escrow fees may result in delay of the further processing of the application.

SEVERABILITY

In the event a court of law determined that any provision of this chapter is unenforceable, then only that provision shall be affected and all other provisions shall be fully enforceable.

EFFECTIVE DATE:

This local law shall take effect immediately upon filing in the Office of the Secretary of State.

FEE ACKNOWLEDGEMENT

The town of Newburgh Municipal Code sets forth the schedule of fees for applications to the Planning Board. The signing of this application indicates your acknowledgement of responsibility for payment of these fees to the Planning Board for review of this application, including, but not limited to escrow fees for professional services (planner/consultant, engineering, legal), public hearing and site inspection. Applicant's submissions and resubmissions are not complete and will not be considered by the planning board or placed upon its agenda unless all outstanding fees have been paid. Fees incurred after the stamping of plans will remain the responsibility of the applicant prior to approval of a building permit or certificate of occupancy. Fee schedules are available from the Planning Board Secretary and are on the Town's website.
