

To: zoning board

My name is Edith Rojas. I have been in charge of all the paperwork for my father Leonardo Villalobos that has been done for the zoning board. This past year has been hard for me because I lost someone very important to me and because of that I got myself into a major depression. I know there should be no excuses. I know I have send a request to reschedule meeting and was not able to attend. I'm asking to please give me one more chance to provide to the zoning board what I have been asked for (survey). I will really appreciate if the zoning board will give me one last chance.

Thank you

Edith Rojas
