May 21, 2018

Town of Newburgh ZBA
308 Gardnertown Road
Newburgh, New York 12550

Chairman Scalzo and Board Members:

I am writing in regard to the pending application of WCC Tank Technology, Inc. and 2102 Partners, LLC to the ZBA. At the public hearing on April 26, 2018, I presented proof that my employment and association with Hydrovac, Inc. had been terminated by the then-majority shareholder of the business. In the weeks since the public hearing, my divorce proceeding has been resolved, as a result of which I was awarded ownership of Hydrovac, Inc.

However, as I stated at the public hearing, I am currently parking only 4 hydro evacuation trucks all owned by WCC Tank Technology, Inc. on the property. This will not change. No hydro evacuation trucks owned by Hydrovac, Inc. will be parked on or present at 2102 Route 300. **[The 4 trucks at the property will be used only by WCC Tank Technology, Inc.]**

Although the change in ownership of Hydrovac, Inc. will have no effect on the parking **[or use]** of hydro evacuation trucks at the property, I feel it is important to make the Board aware of this development.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Ira D. Conklin III', written over a light blue horizontal line.

Ira D. Conklin III
