Dear Zoning Board;

I wish to write a letter of opposition to the two requests placed on your agenda for 2102 Partners and WCC Tank Co. This business is close to my residence and it has come to my attention that they want to add more large heavy duty trucks that also use a large amount of water. This business expansion is not something that belongs in our quiet residential neighborhood. This business also uses water and draws that water from a well. This large use of water by the hundreds of gallons a day has the capacity to seriously impact the water to other neighboring wells and properties. Please understand that I just found out about this request and truly believe it will negatively impact the character of our neighborhood and also impact our residential wells. This is not appropriate for our area and should not be approved.

Sincerely,

A handwritten signature in cursive script that reads "William Thiel".

William Thiel

Resident
