Gerald Canfield, Michael Donnelly, Patrick Hines, Karen Arent and Ken Wersted on April 26,
2013

COMMENTS AND RECOMMENDATIONS:

1. The applicant has shown the wetland flagging and Central Hudson easement on the plans, as requested.
2. The applicant will need to demonstrate the 10,000 square foot buildable area requirement on both new lots (Section 185-48.5.E). Both lots have the required amount of area but it will need to be demonstrated on the plans. This can be a condition of approval.
3. I have no further comments on the project at this time. The Planning Board will need to vote on several approvals: Subdivision, Lot Line Change, Site Plan and Special Exception Use Permit.

The above comments represent my professional opinion and judgment, but may not necessarily, in all cases, reflect the opinion of the Planning Board. Please revise your plans to reflect these comments with the understanding that further changes may be required. In all cases the requirements of the Zoning Law and Subdivision Regulations shall be adhered to by the applicant and shall be shown on the plans. Where variances to the Zoning Law are required or where waivers from the Subdivision Regulations are needed, specific requests shall be made to the Planning Board for waiver or for referral to the ZBA. These comments are prepared based on current zoning and subdivision regulation requirements. Any change in those regulations prior to final approval of these plans could require revisions beyond the scope of my existing comments.
