**TOWN OF NEWBURGH
PLANNING BOARD
TECHNICAL REVIEW COMMENTS**

PROJECT: YOUNG SUBDIVISION
PROJECT NO.: 20-02
PROJECT LOCATION: SECTION 8, BLOCK 1, LOT 52.2 Town of Newburgh
SECTION 108.004, BLOCK 5, LOT 20.21 & 20.3 Town of Marlborough
REVIEW DATE: 30 JANUARY 2020
MEETING DATE: 6 JANUARY 2020
PROJECT REPRESENTATIVE: ENGINEERING AND SURVEYING PROPERTIES

1. Two of the lots proposed have residential structures proposed or existing located within the Town of Marlborough. Two of the other lots identify one new structure and a lot that is “not a building lot at this time”.
2. The Lot#4 –“not a building lot at this time” results in a less than a 5 acre lot and must be designed as a residential lot at this time.
3. All of the proposed driveway locations are located within the Town of Marlborough and should be reviewed by the Town of Marlborough Highway Superintendent.
4. It appears that a lot line change is proposed on lands now or formerly Young depicted as Town of Marlborough Section 108.004, Block 5, Lot 20.11. This lot line change would cause the existing lot which is entirely in the Town of Marlborough to become split by the Town line.
5. The Planning Boards Attorney comments regarding the processing of the application in two municipalities should be received.
6. It is noted that this office represents both the Town of Newburgh Planning Board and the Town of Marlborough Planning Board. An application has been made to the Town of Marlborough Planning Board for portions of the project which are located in the Town of Marlborough.

7. We would recommend at a minimum that those portions of the lots which are not buildable within either municipality be labeled as “Not being independent building lots and must remain connected to the parent parcel. Where the construction is proposed at a minimum.”
8. The building envelope on proposed Lot #3 should only be depicted where the lot has the minimum lot width.
9. The site is identified as a potential archeologically sensitive site, most likely due to the presence of the Gomez House in the vicinity of the project. Applicant should coordinate with the NYS Office of Parks, Recreation and Historic Preservation.
10. The site is identified as potential habitat for threatened or endangered species, the Bald Eagle. Information should be solicited from the NYSDEC regarding that.

Respectfully submitted,

**RE: APPLICATION #2020-02
50 MILL HOUSE ROAD
TAX LOT # 8-1-52.2**

Dear Mr. Ewasutyn:

Please find attached 14 copies of the application form, SEAF and Sketch Subdivision Plan for the proposed application of Susan and David Young. The project is located at 50 Mill House Road. The proposed application is for a subdivision and lot line change of 2 existing lots into 4 proposed lots. Lot 1 is a proposed new dwelling, lots 2 & 3 will contain existing dwellings and lot 4 is proposed as a "not for building lot" at this time. The existing lots are located in both the Town of Newburgh and the Town of Marlborough, therefore a subdivision application has also been submitted to the Town of Marlborough. The proposed is permitted in the "AR" zoning district in accordance with the following.

Zoning District AR Use C.1.a. "Single family dwellings, not to exceed 1 dwelling unit per lot"

If you have any additional questions and/or comments, please don't hesitate to contact this office.

Sincerely,
Engineering & Surveying Properties, PC

JULY 2013

TO WHOM IT MAY CONCERN:

This package of information and forms is provided to assist the applicant in the preparation of a submission of a site plan, subdivision, lot line change or special exception use permit to the Town of Newburgh Planning Board. In most cases the application will be prepared initially by a licensed professional engineer, architect, surveyor or land planner. Since in almost every case such professional will be required for the process, they should be retained as early as possible.

Procedurally, the applicant should contact the Planning Board to discuss the potential project and obtain the necessary forms and regulations.

The Zoning and Subdivision Regulations of the Town of Newburgh require that the applicant must present plans to the Secretary of the Planning Board. When your application is complete, it will be placed on the next **AVAILABLE** agenda. Submittals must be handed in to the Planning Board Secretary at least 10 days prior to the next meeting, but the date of the appearance at a meeting will be determined by the next available time slot, not necessarily the next meeting. You will be notified of the date, time and place of your meeting.

A minimum of **FOURTEEN (14)** sets of **FOLDED PLANS** for a major or minor subdivision or a site plan must be submitted with a **COMPLETED** application, and **FIFTEEN (15)** sets of plans must be submitted if plans need to be submitted to the Town of Newburgh Traffic Consultant. This completed application must include a **LONG FORM OR FULL EAF** for every project except lot line changes, 2 lot subdivisions under 3 acres or site plans impacting less than one acre, along with a **NARRATIVE** of the proposed project. The narrative should include the action being taken, the size of the parcel, what zone the parcel is in, the water and sewer information, any Zoning Board of Appeals relief needed, and whether the parcel is on a private or town road. Complex or unusual projects should be discussed in greater detail.

Following the first meeting before the Planning Board the applicant is required to send an Adjoiner Notice to property owners within 500 feet of the parcels in question (please see final page of the package for full instructions).

Upon initial review of a Short Form, the Planning Board may require specific additional environmental information or the preparation of a Long Form. Long Form part 1 should be completed by the applicant. The Board will review and may modify Part 2 prior to making a decision on the SEQRA aspect of the project.

All fees for consulting and professional services that the Planning Board incurs during the review of the applications will be the responsibility of the applicant. An advance deposit for these fees will be required and will be placed in an escrow account with the Town. If the escrow account falls below the 40% of the initial deposit, the applicant will be required to immediately make an additional deposit to the escrow account prior to any further review of the project application by the Planning Board.

Very truly yours,

JOHN P. EWASUTYN, Chairman

STATEMENT TO APPLICANTS

RE: TOWN OF NEWBURGH CLEARING AND GRADING LAW

The Town of Newburgh Clearing and Grading Control Law requires a separate permit for most site preparation activities, including clearing, grading, tree cutting, excavating and filling. Site preparation activities performed following site plan or subdivision approval by the Planning Board may be exempt from the permit application, public hearing, fee and bonding requirements of the law provided the subdivision or site plan application has been reviewed for conformance with the clearing and grading law and the approval conditioned on compliance with the standards set forth in the law. Completion of the attached form will enable the Planning Board to review your application for conformance with the law's requirements. In the event it is not completed you may be required to apply for a separated permit for your site preparation activities. A sediment and erosion control plan and a plan showing the areas to be cleared, filled, graded or subjected to tree cutting, the types of vegetation affected and the proposed disposition of the destroyed vegetation must accompany the form. A SEQRA long form or full EAF should be utilized to discuss any environmental impacts and must accompany the application.

FEE LAW SUMMARY

PENDING APPLICATIONS

All applicants with matters pending before the Planning Board as of the effective date of this local law shall be required to post as escrow in the manner and upon the terms and conditions set forth below:

- (a) The Planning Board, in consultation with the applicant, shall compute the amount of the escrow to be posted with the Town. Such amount shall be reasonably related to the costs attendant to the Town's review of the application as of the effective date of this local law. Under no circumstances shall the escrow include amounts attributable to any costs incurred by the Town prior to the effective date of this local law.
- (b) Once computed and established by Resolution of the Planning Board, the applicant shall, within fifteen (15) days of said resolution, post escrow fees with the Secretary of the Planning Board. Failure to deliver the said escrow fees may result in delay of the further processing of the application.

SEVERABILITY

In the event a court of law determined that any provision of this chapter is unenforceable, then only that provision shall be affected and all other provisions shall be fully enforceable.

EFFECTIVE DATE:

This local law shall take effect immediately upon filing in the Office of the Secretary of State.
